Pec Playhouse Theatre Releases Quarterly Newsletter

Pec Playhouse Board of Directors held it's Annual Meeting on January 8, 2022 in Seward, IL. At the end of the meeting, the floor was opened for questions or comments from the membership. Many attendees expressed their interest in more communication on all aspects of the theatre. This newsletter will come to you each quarter to keep the patrons, volunteers, and public informed about all things PPT. Keep reading to find out what's happening!

PPT Storage Issues

After the collapse of the roof in February 2021, Pec Village donated space to store all of the property until the new theatre could be built. A large storage building south of Pecatonica was used for most of the items that were stored in the granary and inside the theatre, with the exception of costumes. The storage building has recently been sold to another company in conjunction with the surrounding land to be developed into businesses like a Dollar General.

PPT Board was notified that the company cleaning and storing the costumes that were in the auditorium at the time of the collapse were going to be delivered at the end of January. The board discussed the options and decided to get a storage container that is weather proof for the costumes getting returned. The board is also working with the company that is buying the storage building to work up a lease for the space until a new theatre is built and move in ready.
